In your letter you expressed concern as to the possible effect certain planned construction changes might have on the services performed by the GPO-Department of State Service Office. We are aware that the alterations to the building in which this printing plant is located will result in some temporary inconveniences; however, we have taken appropriate steps to minimize these inconveniences and to insure adequate security. The Chief of the GPO-Department of State Service Office has been consulted and has concurred in these arrangements.

May I assure you of our recognition of the key position which this plant occupies in relation to the survey and of our desire to cooperate in every way to forestall any inimical effects to its immediate or long-range program.

Sincerely yours,

Allen W. Dulles
Director
